

Reflection on Assignment 1

On 23th October 2023, Mr. Habib introduced GetMe Hired to us. On 28th October 2023, speakers from PPG presented their company's organization and the alumni representatives shared their working experiences in PPG, providing me with an enriching and meaningful experiences. From the career talk by Habib and PPG, I have gained a lot of knowledge about the career development in Information Communication Technology (ICT). I also understand that the role of ICT is very important in different industries which motivate me to pursue a career in ICT. Hence, from now on, I should equipped myself with various technical skills and enhance my soft skills such as communication skills, problem solving skills and team working because these skills are very important to excel in this working field in the future.
